“Wal-Mart Supporting Our Communities: Helping Make a Difference”

WAL★MART

Supporting Our Communities

Helping Make a Difference

We are helping make a difference

Our community involvement program is based on the philosophy of giving back locally. We believe that our Associates and Customers know where we can help most in the communities we serve. We take great pride in getting involved and supporting local programs that help improve the quality of life for all of us.

We firmly believe that children are the heart, soul and future of our communities, and we are proudly involved at the local, regional and national levels, with programs that benefit children.

Local organizations help improve the communities where we live and work, and we support those efforts with volunteer hours and charitable dollars. We are proud to be the largest corporate cash-giver in the U. S. Wal-Mart and SAM'S CLUB Foundation helps organizations throughout America operate and fund programs that benefit the people we care most about – those who live and work in our communities.

Our Mission

The ultimate mission of the Wal-Mart and SAM'S CLUB Foundation is to serve our Associates and Customers with compassion and integrity. We focus our giving on community-based organizations, education and scholarships, and children's health and well-being. We are especially interested in programs that serve our youth.

What does it mean to you?

Dedication to local organizations is the cornerstone of our Community Grant Program. Each store and club has funding to assist organizations and programs that improve the quality of life in the local community. Your organization may be eligible to request funding from the community involvement coordinator or store manager of your Wal-Mart store, SAM'S CLUB, Neighborhood Market or Distribution Center. To check eligibility, log on to our website, www.walmartfoundation.org.

Education

Building Blocks for the Future

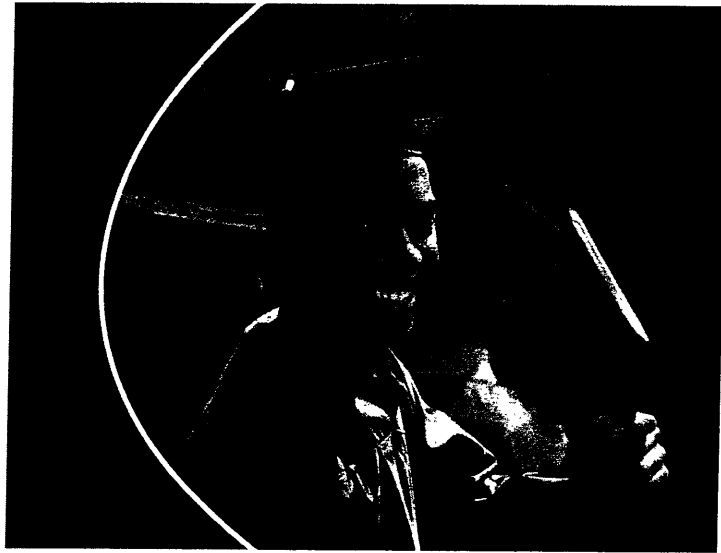

Education is paramount to the success of our youth and to the vitality of tomorrow's community. We invest more than \$45 million annually in projects and activities, both local and national in scope, to help with the education of tomorrow's leaders.

Teacher of the Year Awards and Grants

Every Wal-Mart store and SAM'S CLUB annually selects a local educator as its Teacher of the Year. Customers submit nominations and each location provides a \$1,000 educational grant to benefit the teacher's school, a shopping card to buy classroom supplies and an honorary greeter's vest. Winning teachers also have the opportunity to be selected for state and national Teacher of the Year awards and additional grants.

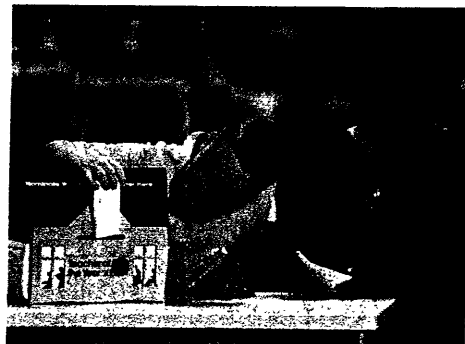

Sam Walton Community Scholarships

Every store and club has the opportunity to award two \$1,000 scholarships to graduating high school seniors each year. State and National winners receive additional awards. So far, over 55,000 students have received more than \$100 million through Wal-Mart's various scholarship programs.

Local Support of Education

In addition to these major programs, each one of our Wal-Mart Stores, SAM'S CLUBS, Neighborhood Markets and Distribution Centers supports local schools and education programs. Direct grants from these facilities help ensure that local educational needs important to our communities are supported.

Children

Working Together, Helping Kids

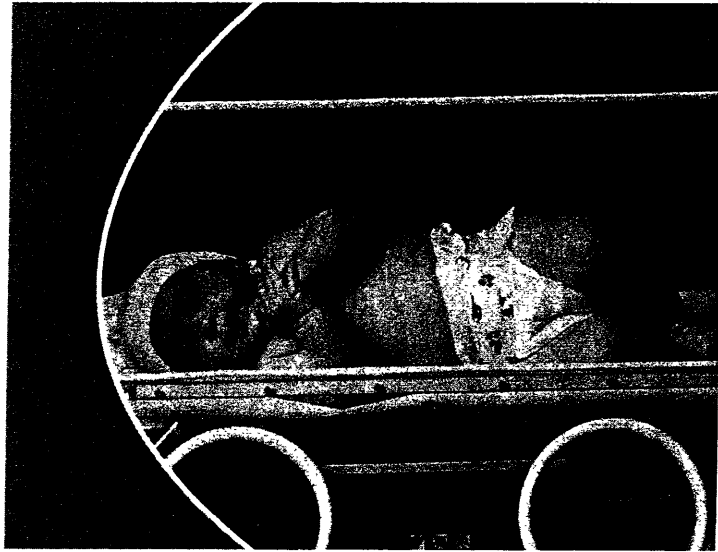

Our concern for the well-being of children includes efforts to improve their health and safety. Over the years, we have raised and contributed over \$300 million for children's healthcare. For their safety, we have worked with national organizations to help develop programs which provide important safeguards for children.

Children's Miracle Network

Wal-Mart Associates and Customers support Children's Miracle Network hospitals that in turn help millions of children with diseases and injuries of every kind. Helping hospitals purchase equipment, support medical research and provide care for children in need is the hallmark of Wal-Mart's association with Children's Miracle Network. Since 1988, Wal-Mart has raised and contributed more than \$300 million to the 170 Children's Miracle Network hospitals across the country.

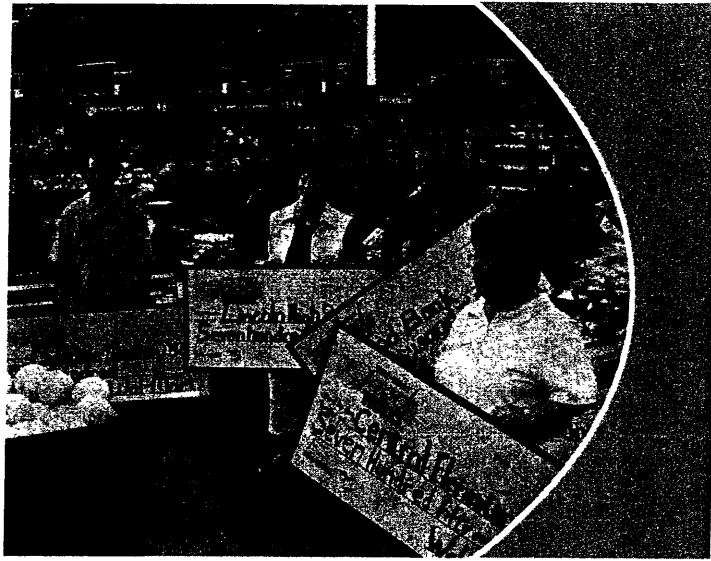

Missing Children's Network

Every day, more than 2,000 children are reported missing, and we're helping to bring these children home. Since 1996, our stores and clubs have posted pictures of missing children and the toll-free hotline to the National Center for Missing & Exploited Children (1-800-THE-LOST) in the entrances of each of our facilities. Blue and white Code Adam decals are also posted on

windows in our stores and clubs to remind shoppers that the in-store child safety procedure is in effect. Code Adam is a special alert issued over the public address system when a Customer reports a missing child. In an additional effort to bring these children home, Wal-Mart implemented a new, innovative program named RoadWatch in 2003. This program allows truck drivers to receive missing children alerts sent directly to their tractor-trailer units.

Community Grants

Our grassroots style of giving enables each of our locations to decide which organizations to support in helping improve the quality of life in our local communities. Both matching and direct grants are available at each store and club through the Community Grant Program, the largest program funded by the Wal-Mart and SAM'S CLUB Foundation.

Safe Neighborhood Heroes Grants

Safe communities and neighborhoods are important to all of us. Safe Neighborhood Heroes grants are available at every location to be used in support of local law enforcement, fire, rescue and EMS agencies.

Civic Support Group/Veterans Organization Grants

Civic support groups, veterans organizations and economic development organizations are among

Community Support

Fulfilling Local Needs

As a good neighbor, we are dedicated to helping improve the quality of life in our local communities where we live and work. We support our communities with grants to non-profit, government, and civic organizations, and we volunteer where we can to lend a helping hand.

the first to recognize ways to help improve the communities where we work and live. Our facilities award qualifying organizations with grants to help fund projects benefiting the community.

United Way

Our Associates contribute to their local United Way campaigns, and the Wal-Mart and SAM'S CLUB Foundation matches their payroll deduction contributions on a dollar-for-dollar basis, effectively doubling the total contribution. Every dollar goes to local United Way agencies. More than \$20 million is donated annually to local United Way campaigns throughout the country.

Environment

On a national level, Wal-Mart has partnered with the National Fish and Wildlife Foundation through a program called "Acres for America." For every acre the company has or will develop, the program will conserve at least one acre of priority wildlife habitat, resulting in a minimum of 138,000 acres of protected land over the next decade.

Volunteerism Always Pays

Many of our Associates are generous with their time as volunteers. The Wal-Mart and SAM'S CLUB Foundation makes financial donations to the charitable organizations for which Associates provide volunteer services. Since the program's inception, we're proud to say that Associates have volunteered more than four million hours, and their organizations received millions of Foundation dollars to further their good work.

Disaster Relief

Natural disasters – whether hurricane, tornado, flood, or earthquake – impact a community like no other event, creating great needs. We are proud to give cash contributions and in-kind donations to our neighbors at these times through local American Red Cross and Salvation Army chapters.

Supporting our Military

The men and women serving in the military have a special place in our hearts. The Wal-Mart and SAM'S CLUB Foundation has proudly supported our troops in many ways, including supplying bottled water for those being deployed, providing clothing for the wounded in hospitals, and giving funds to the Veterans of Foreign Wars Foundation to help support the unmet needs of military families. On the local level, Associates continue to support military families at home.

Community Food Banks

America's Second Harvest-The Nation's Food Bank Network is the nation's largest charitable hunger-relief organization with a network of more than 200 regional member food banks and food rescue programs. We donate food through our reclamation centers to help support the Second Harvest network in its mission to distribute food and grocery products to those in need, and to help create a hunger-free America.
